

MURACRIL 116 EE - WHITE and BASE COLORS
EXTRA WALL PAINT FOR INTERIOR / EXTERIOR

Characteristics	: Extra high quality water-based wall paint for exteriors based on emulsified synthetic resins. It can be applied very easily with a brush, roller or spray even on large surfaces. It has a high yield and strong coverage, so with just two coats it covers any shade. It allows to obtain wall coverings for external facades resistant to any climate, with a remarkable decorative effect; color fullness and uniformity. The product is non-flammable and free from toxic components. It leaves no lapping defects.	
Principles of photocatalysis (only for white colour)	: In the formula, thanks to the use of titanium dioxide which, when subjected to sunlight, the molecules of polluting substances are transformed into substances harmless to health, and the process is also activated in the presence of artificial light.	
Binder	: Acrylic	
I wait	: Opaque	
Washability	: After 48 hours ; 10,000 brush strokes	
Specific weight	: 1,200 - 1,600 kg / l according to the tint	
Viscosity at 20°C	: 12,000 - 16,000	
Surrender	: By brush : dilution with water 30% by volume 9 m ² /l 2 coats <u>By roller</u> : dilution with water 30% by volume 9 m ² /l 2 coats By spray : dilution with water 40% by volume 13 m ² /l 1 coat
